AUTHENTIC SAILING JOURNEYS

One of the most thrilling parts of a SEA CLOUDS voyage is the release of the sails by hand for the joy of pure sailing. Sailors scale 190 feet into the shrouds, release the heavy cloth, then tighten the ropes down on deck. There are no buttons that can be pressed, and it takes almost an hour until all sails catch the wind.

This tradition uses full wind power for more than 50 percent of any given sailing. We relish every opportunity to synchronize with the wind and sea, in harmony with nature's rhythm.

Wind-power sustainability is a SEA CLOUD tradition, embracing gentle tourism.

Call 888.732.2568 for latest pricing and discounts.
